ADACTA is an independent, full service agency conducting research studies and fieldwork for national clients and foreign Research Agencies. ADACTA is acknowledged as one of the Italian leading agencies in the area of sensory analysis and product testing, making available its AdactaSensoryNet units (ISO 8589) to clients who need to investigate the Italian market and have their products properly tested and evaluated. The ADACTA International Contact Team is fully devoted to follow international clients and jobs. Its centralised organisation with different specialists ensures that each study is serviced by researchers and experts having the appropriate background and skills. ADACTA is a member of the FocusVision Network. Adacta has its own facilities in Milan, Bologna, Naples.
